

WORLD LEADER IN ALCOHOL AND
FLAVOR MANAGEMENT SERVICES

Covid-19 Notice to our Customers and Vendors

As you know, the novel coronavirus (COVID-19) has been declared a global health emergency and pandemic by the World Health Organization. Our thoughts are with you during this difficult and unprecedented time.

As always, the health, safety, and well-being of our employees, customers, vendors, and communities at-large remain our daily focus. We are continuously updating our best practices and adopting new guidance from appropriate governmental and health agencies and officials, including, for example, instituting remote work policies and travel restrictions, updating business continuity and preparedness plans, and employing heightened cleaning, health, safety, and hygiene practices at our locations and for our personnel. We, of course, expect that you are taking all appropriate measures as well.

As a supplier of essential goods and services, we want you to know that our goal is to remain open throughout this pandemic in order to safely and securely support the supply of such goods and services across the economy. Although the times are tough, our company remains strong, financially stable, and operationally sound. Please keep us informed of your needs and concerns so that we can work together to navigate the impacts of this pandemic over the weeks and months ahead.

We sincerely appreciate your business, patience, and continued support. Stay safe and healthy and know that we, as always, remain steadfastly committed to serving you.
